

March 17, 2020

## The Conference Board of Canada is dedicated to the well-being of our council members.

To help limit the spread of COVID-19, we decided on March 12 to suspend any in-person council meetings until the end of April. **We have now extended that decision to include meetings in May.**

We will be deciding on our June meetings in the coming weeks and will keep you updated as decisions are made.

We are committed to delivering value to you through these extraordinary circumstances that we collectively find ourselves in. We are looking for ways to keep everyone connected, whether it's through virtual meetings, conference calls, enhanced member webinars, etc.

In addition, we want to let you know that our employees are working remotely. Our business operations are ongoing, and we will continue to provide timely insights to help you and your organization navigate these unprecedented times. Our council teams and full organization remain available to you via e-mail and phone.

And finally, we have created a [landing page](#) where you can go for resources that the Conference Board is producing at this time (daily updates, economic forecasts, webinars and videos dealing with Mental Health and COVID, etc.). We hope you find it useful.

**Please feel free to contact council manager or coordinator with any questions you may have.**

**Stay healthy and safe.**
